**Panasonic ideas for life**

# Compact and Stylish Multi-Function Printer

The Panasonic KX-MB2000 Series multi-function printers are an excellent choice for small offices and remote home offices. They feature a compact high-speed 24-ppm printer, diverse copy features, high-resolution colour scanning up to 9600 dpi (interpolated), 33.6 kbps Super G3 Fax\*1, and standard network connection. They also come bundled with the Panasonic Multifunction Station Software suite, which includes Panasonic newest software the Easy Print Utility.

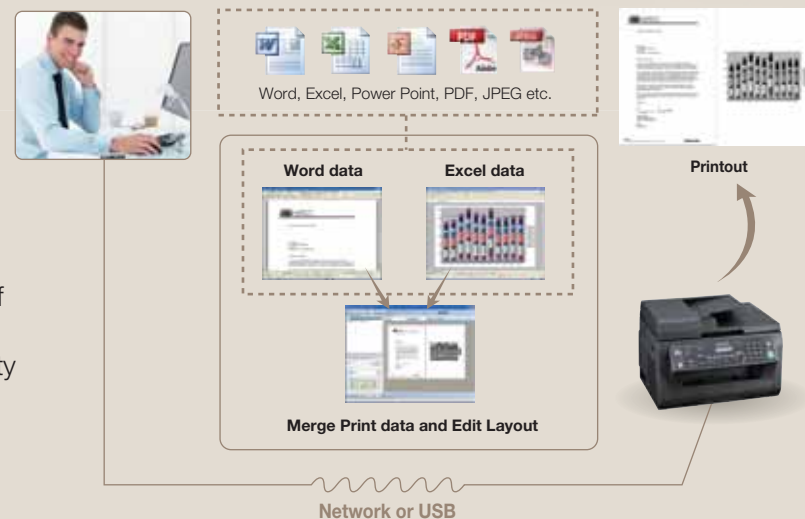

\*1 Not available on the KX-MB2010 and KX-MB2000.

## Easy Print Utility

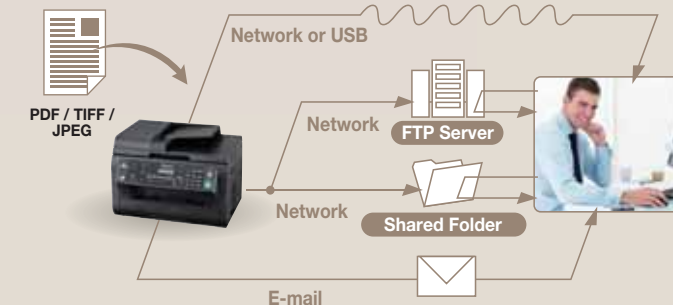

The Easy Print Utility is multi-document print application which lets you merge multiple file types, such as Microsoft Word and Excel files into a single print job or PDF file.

The Easy Print Utility provides a real time preview of the print output and offers the ability to modify the print layout and page order. You also have the ability to add a customer document header, footer or watermark to your document before printing.

## Network Colour Scanning

Documents scanned from the KX-MB2000 series can be transmitted in full colour to a Local or Network connected PC, FTP server, Network Shared folder, or directly to an Email address. Scanned documents can be saved as a TIFF, JPEG or PDF documents.

## Convenient Copy Functions

### Quick ID Copy

Copy both sides of one or more ID or business cards, and then print onto a single page in the 2-in-1, 4-in-1 or 8-in-1 format.

### Image Repeat

Copy one original and print it repeatedly on a single page in the 2-in-1, 4-in-1 or 8-in-1 format.

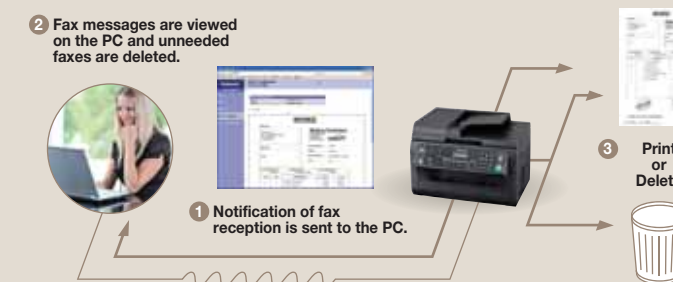

## Incoming Fax Preview \*1 \*2

Received faxes can be stored into memory and previewed from a network connected PC using Internet browser software. Once a fax is previewed, they can be printed, saved or deleted from memory. This helps prevent unwanted faxes from being automatically printed and wasting paper.

\*1 Not available on the KX-MB2010 and KX-MB2000.

\*2 Requires LAN connection

## User Friendly

### Angled Control Panel

The control panel is angled, making it easy to view when sitting in a chair or standing.

### Front Access

Replacing consumables and replenishing paper are all done from the front side of the machine, for easy maintenance and access.

## Configuration Web Page

You can check the device status and toner level with a Web browser, and make device system settings right from a PC.
